

Vegetation Map of Phoenix, Arizona 1867 - 1868

(Based on Public Lands Survey logs)

Labels for the Vegetation Series (Brown, Lowe, and Pase 1979; Turner and Brown 1994)

- C Cotton - Willow series (224.53)
- M Mesquite series (224.52)
- Sb Desert Saltbush series (154.17)
- Cr Creosotebush - Bursage series (154.11)
- Cr/Sb Creosotebush / Saltbush mixed
- Pv/S Paloverde - Mixed Cacti series (154.12)
- Prehistoric site

Notes:

1. This map is the result of two projects. The vegetation reconstruction of T1N R1E, T1N R2E, T1N R3E, T1N R4E, T2N R1E, T2N R2E, T2N R3E and T2N R4E are from Jacobs and Rice 2002, and the remainder of the map is from Jacobs and Ingram 2003 (see references below).
2. Barbara Brady assisted the authors on both projects by reading the survey logs curated at the Bureau of Land Management in Phoenix and compiling the data into a series of spreadsheets used to construct this map.
3. This project completed with support from the James S. McDonnell Foundation 21st Century Research Award/Studying Complex Systems.
